ABOUT THE CREATIVE CORPS

CALIFORNIA CREATIVE CORPS BACKGROUND & PURPOSE

The 2021 State Budget included a \$60 million one-time General Fund allocation for the California Arts Council (CAC) to implement the California Creative Corps pilot program, a media, outreach, and engagement campaign designed to increase: (1) public health awareness messages to stop the spread of COVID-19; (2) public awareness related to water and energy conservation, climate mitigation, and emergency preparedness, relief, and recovery; (3) civic engagement, including election participation; and (4) social justice and community engagement. The CAC sees this program primarily as a job creation and infrastructure development opportunity that will increase the ways in which artists are engaged in public work so that they can continue to support the realization of these goals—and intersectional public interest goals—beyond the three-year pilot funding timeline.

Grant guideline development began with the convening of California Creative Corps Community Development Panels, first by region and then with one statewide panel including representatives from each region. The panels included artists, culture bearers, creative individuals, and arts administrators that represented the priority populations to be engaged, and who work in the intersectional focus areas of the Creative Corps program. The panels articulated their communities' values, needs, and opportunities, and identified ways in which the Creative Corps program might address them.

1 Regions are based on those outlined in the [Otis Report on the Creative Economy](#).

KDA CREATIVE CORPS

Kern Dance Alliance (KDA) was awarded \$4,223,447 by the **California Arts Council** (CAC) to administer the **California Creative Corps** program throughout the Central Valley and Eastern Sierra region of the state.

The California Creative Corps is a pilot program designed to promote community and civic engagement, spread awareness about water and energy conservation, climate change, emergency preparedness, relief and recovery through the arts. **Fourteen organizations**, including KDA, were selected statewide to regrant funds in their region to arts and social service organizations, individual artists, and cultural workers.

The KDA Creative Corps (KDACC) will regrant funds to arts and social service organizations, individual artists, and cultural workers throughout 14 counties in the Central Valley and Eastern Central region of the state. From south to north, they include Kern, Kings, Tulare, Inyo, Fresno, Madera, Mono, Merced, Mariposa, Stanislaus, Tuolumne, San Joaquin, Calaveras and Amador counties.

The \$4.2 million California Arts Council grant will be used exclusively for regranting and administration of the KDA Creative Corps. It will not be used to fund KDA's existing programs, which will continue to operate alongside the KDA Creative Corps. KDA will continue to need funding and community support to meet its daily and annual operating needs.

CREATIVE CORPS ADMINISTRATION AND GOALS

PROGRAM ADMINISTRATION

The KDACC is a California Creative Corps administering organization (AO) in the **Central Valleys region**.

The KDACC will be responsible for the planning and implementation of the California Creative Corps program in the Central Valley service area, including but not limited to:

- Utilizing and prioritizing data on communities in the lowest quartile of the **California Healthy Places Index** to establish a program design that positively impacts those communities in the four program focus areas
- Implementing regional and/or statewide, culturally and discipline-specific engagement strategies to priority communities and trusted culture bearers
- Distributing funds to sub-grantees
- Mentoring—through professional development, workshops, or other opportunities— individual artists, cultural practitioners, and nonprofit organizations over the course of the grant application, award, and activity period
- Increasing visibility of the work of artists, cultural practitioners, and nonprofit organizations in their region and/or statewide
- Managing the application processes for sub-grantee individual artists and organizations through the application period, application screening, adjudication, award management, and reporting
- Engaging in robust outreach to ensure comprehensive geographic reach within the service area for sub-grantee organizations, artists, and cultural practitioners

- Engaging in regular reporting to and collaboration with the California Arts Council (CAC), including providing interim and final reports on program outcomes and findings

Program Goals

1. The California Creative Corps program is a job creator.
2. The California Creative Corps program increases the ways in which artists engage in public work.
3. The California Creative Corp program uplifts new communities served (counties and cities not strongly represented in prior CAC grant making).
4. The California Creative Corps program supports artists who identify as representing communities residing in the lowest quartile of the California Healthy Places Index.
5. The California Creative Corps program helps to cultivate a better California for all.

SUB-GRANTEE ELIGIBILITY

WHO CAN APPLY

The KDACC is seeking applicants from arts and social service organizations, as well as individual artists and culture bearers to create projects that fall in line with the four program focus areas: (1) public health awareness messages to stop the spread of COVID-19; (2) public awareness related to water and energy conservation, climate mitigation, and emergency preparedness, relief, and recovery; (3) civic engagement, including election participation; and (4) social justice and community engagement.

The intention of this grant program is to provide as broad a geographic reach as possible and serve all 58 counties, while prioritizing communities that demonstrate the highest levels of need as indicated by the **California Healthy Places Index**. The KDACC will serve the Central Valley region and 14 counties including Kern, Kings, Tulare, Inyo, Fresno, Madera, Mono, Merced, Mariposa, Stanislaus, Tuolumne, San Joaquin, Calaveras and Amador counties.

Neighborhood by neighborhood, the Healthy Places Index (HPI) maps data on social conditions that drive health — like education, job opportunities, and clean air and water. This data is used by community leaders, policymakers, academics and other stakeholders to compare the health and well-being of communities, identify health inequities, and quantify the factors that shape health.

Funded sub-grantee organizations, artists and cultural practitioners must demonstrate strong, ongoing relationships with communities that fall within the lowest quartile of the **California Healthy Places Index** and will support meaningful engagements with those communities through this grant.

SUB-GRANTEE REQUIREMENTS

The KDACC will award funding to sub-grantees that are arts and social service organizations, individual artists, and cultural workers. While a sub-grantee can apply to multiple AOs, grantees can only receive funding from ONE AO.

The KDACC shall regrant California Creative Corps funds to California-based individual artists ages 18 and above; and to units of government and nonprofit organizations (both arts and non-arts-based) that meet the following eligibility criteria:

SERVICE REGION:

The KDACC will award grantees from the Central Valley service area. The grantee must live, work, and/or serve one of the following California Central Valley region areas, as follows:

- Kern
- Kings
- Tulare
- Inyo
- Fresno
- Madera
- Mono
- Merced
- Mariposa
- Stanislaus
- Tuolumne
- San Joaquin
- Calaveras
- Amado

INDIVIDUAL ARTISTS:

- **18 years or older**
- **Letter of recommendation** - Individual artists must provide at least one letter of recommendation citing the artists qualifications and/or artistic work history.
- **Artistic evidence** - Individual artists must submit work samples of past artistic projects.

ORGANIZATIONS:

- **501(c)(3) organization as applicant or fiscal sponsor** - Nongovernmental applicant organizations must demonstrate proof of nonprofit status under section 501(c)(3) of the Internal Revenue Code, or section 23701d of the California Revenue and Taxation Code.
- **Local government** – A unit of municipal or county government; or a tribal government.
- **Applicant organizations using fiscal sponsors** - An applicant organization that is without nonprofit status must use a California-based fiscal sponsor with a federal 501(c)(3) designation to apply for funding. For-profit businesses and individuals may not use a fiscal sponsor to apply to KDACC organizational grants. Types of applicant organizations eligible to apply using a fiscal sponsor include, but are not limited to artist collectives, guilds, and 501(c)(6) organizations.

- A **Letter of Agreement** between the fiscal sponsor and the applicant organization must be signed by a representative from both parties and submitted with the application. A blank signature field will not be accepted. **If a grant is awarded, the fiscal sponsor becomes the legal contract holder with the KDACC.**
- A fiscal sponsor change is not permissible during the Grant Activity Period, except in extenuating circumstances based on staff assessment.
- Fiscal sponsors must have a minimum two-year history of consistent engagement in arts programming and/or services prior to the application deadline. (Acting as a fiscal sponsor to arts and cultural organizations is considered an arts service.) See additional information from the California Arts Council and fiscal sponsors [HERE](#).

Applicants must also comply with the requirements below. All applications must include the listed items at the time of submission in order to be reviewed, ranked, and considered for funding.

- **California-based** - Documentation as being a California-based artist or nonprofit arts/cultural organization; an arts-based unit of municipal or county government; or a tribal government, or nonprofit social service organization with regular ongoing arts programming and/or services and a principal place of business in California
- **Financial documentation** - Organization applicants must provide a minimum of two years of basic financial information via the Budget Snapshot.
- **Certificate of good standing** - Nonprofit organizations must have “active status” with the California Secretary of State (SOS) showing evidence of “good standing” at the time of application. You can verify your organization’s status by conducting a search using the SOS online [Business Search](#) tool. An indication of “active” (versus “suspended,” “dissolved,” “canceled,” etc.) confirms that your nonprofit corporation exists, is authorized to conduct business in the State of California, has met all licensing and corporation requirements, and has not received a suspension from the Franchise Tax Board.
- **Signatures on required attachments** - Letters and other attachments requiring signatures must include completed digital or scanned signatures in order to be considered for funding. A blank signature field will not be accepted.
